MJDF TUITION IN SCOTLAND

PRACTICAL
The MJDF is for dentists who work day-to-day in general practice

AFFORDABLE
Flexible payments allow you to pay monthly or in a lump sum

SOCIABLE
Study with your peers with invaluable advice from your tutors

WWW.FGDPSCOTLAND.ORG.UK
What is the MJDF?

The aim of the MJDF is to assess knowledge, application of knowledge and candidates’ understanding of the structures and processes required to provide quality-assured dental healthcare. The MJDF is ideal for dentists completing their vocational year and beyond. Successful candidates receive the MJDF Diploma, validating a period of vital postgraduate training that prepares you for general or specialist practice in either primary or secondary care.

The MJDF examination consists of:

- A Part 1 examination in the form of one written paper containing multiple choice questions (MCQs)
- A Part 2 examination in the form of an objective structured clinical examination (OSCE) and structured clinical reasoning (SCR) exercises

The west of Scotland MJDF study group

Our MJDF study group programme in Glasgow is designed to give you a broader and more comprehensive understanding of the topics and skills covered in part 1 and 2 of the exam. Every year we guide up to 20 candidates through the process and have success rates between 90 and 100%.

Who we are

The tutors who run Scotland’s MJDF groups are practising dentists who have all gained the MJDF qualification. We understand what it’s like to have to juggle work and study and so we have tried to tailor the course to be of maximum benefit to you. Our team for 2017-18 includes tutors Paul Cooney, Sharon Letters, Patricia Thomson and Robbie Thomson.

The MJDF examination is organised into spring and autumn diets. You need to take the MJDF over two diets so in Scotland we offer tuition to take Part 1 in October 2017 and part 2 in May 2018.
HOW TO PAY

You can pay for the MJDF exams and tuition in a variety of ways*.

Option 1: Pay for your exams and tuition together in monthly instalments. Beginning in June 2017 we’ll take monthly payments of £83 over two years to cover everything. We’ll sign you up and pay for your MJDF part 1 exam and then Part 2 in 2018. If for any reason you need to delay Part 2 then you can come back and sit it any time in the next five years.

Option 2: Pay for your exams and tuition separately. In June 2017 you can sign up for the tuition group and pay for MJDF Part 1 (£522). Then at the first study evening in August you can pay for your yearly tuition fee (£750). Once you have passed Part 1 you can then pay the Part 2 exam fee (£660) in January 2018.

Option 3: Pay for your exams and tuition separately but split your lump sum payments further. In June 2017 sign up for the tuition group and pay for MJDF Part 1 (£522). Then at the first study evening in August you can pay for your Part 1 tuition fee (£375). Once you have passed Part 1 you can then pay for your Part 2 tuition fee (£375) in November and exam fee (£660) in January 2018.

AFFORDABLE
FLEXIBLE PAYMENTS ALLOW YOU TO PAY MONTHLY OR IN A LUMP SUM

Returning to the MJDF for Part 2

If you have already passed Part 1 of the MJDF and have taken a break from studying you can join us for Part 2 in January 2018. You will need to sign up and pay for Part 2 yourself and then our tuition fee is £450.

*All rates quoted are correct in December 2016. Your fee will be confirmed prior to starting.

How to secure your place on the study group
Please contact Andrew Miller at events@fgdp-scotland.org.

How to apply for the MJDF parts 1 and 2
Visit www.mjdf.org.uk and fill in the online application form.

What you get for your study group membership
For your tuition fee you receive:

» Expert tuition during study evenings and dedicated practical days under exam conditions

» A free place at the 2017 Glasgow study day on Friday 1 December, the largest one-day dental event in Scotland

» Access to all of the essential MJDF resources on our online Candidates page

» Reduced rates at FGDP(UK) Scotland events in 2018-19
